

## PRODUCT SHEET

### Paradise

Silk Cocoon // 1000 mm W x 600 mm D x 470 mm H / 39 in W x 23.5 in D x 18.5 in H // For Paradise pendant lighting design, the miracle of each silk cocoon being formed by its creator is taken and exploited to the full by illuminating it with the miracle of electric light. In Paradise, we build up a hand welded steel structure (each with approximately 2100 different joints) over a core base and this creates the underlying form of the design. Then around 2600 individual silk cocoons are attached to the base structure in a random composition. Each cocoon has an aura of ultra fine transparent silk fibre around it which subtly refracts and diffuses the light. Whatever space Paradise is installed in, has a dusting the magic vibe of natural creation taken and fabricated further into something else. // To clean diffusers in this material, we recommend that they be dusted or lightly vacuumed.

## ANGOWORLD CO., LTD.

31/7 Soi Suparaht 1, Phaholyothin Rd., Samsennai, Payathai, Bangkok 10400

## ABOUT

ANGO is the unique handcrafted lighting brand, where the magic of light and architectural form are brought into play and realised with innovative production techniques + the original use of materials. Ango presents their infinite possibilities in contemporary lighting on any scale as art pieces or light installations in ecological and sustainable design.
