### ABOUT

DETAIL-ORIENTED ORIENTAL DESIGN TO ETERNITY 'We believe that thoughtful design will heighten the quality of living, not just an aesthetic' From our rich experience in wooden furniture industry for over 37 years. Currently, we are one of the best Thailand based furniture brands who can combine simplicity and functionality with the timeless designs at the finest level. Principle of art and design remain the key factor that Podium always concerned. Combining craftsmanship techniques with oriental spirit are our expertise. Causing our collections not just has one-of-a-kind aesthetics, but also full of abilities to heighten and support individual's lifestyle and well-being as well. Additionally, at Podium, we believe that one of the best approaches to encourage sustainable community is to make things that last. Therefore, we mostly use the finest materials that grow and maintained by sustainable forest to ensure that all furniture from us do not cause any harms to natural world and takes part in enhancing the healthier community as a whole. Besides, we truly devoted to our detail-oriented quality control in every process to create the unique oriental furniture that comes with the best quality. By the bold passionate and eternity hour of dedication, currently, Podium's furniture is recognized in international standard and can be found in various famed furniture showrooms all over the world. From the start in 1983 till this day, Podium still continues its journey of elevating individuals' quality of living, coupled with the great spirit of the genuine furniture designer.
